

Health care. Human care.

Quality Technical Support Coordinator (Ref: QTSC1022)

Rafarm, achieving dynamic growth since its foundation (1974), is a Greek interest pharmaceutical industry of multinational orientation -with innovative medicines, branded generics and total quality services – recognizable by all stakeholders in the field of Health Care. At the forefront of Greek pharmaceutical companies continues to strengthen and build on its already important role as a serious and recognized player in the international market.

The role main accountabilities will be the following:

- Implementation of the SOPs for the control of elemental and nitrosamine impurities in Rafarm products and also preparation of the elemental impurities risk assessment report
- Participates in product quality risk management processes
- Coordinate contacts with analytical laboratories to organize the validation of the analytical method or to control the quantitative determinations of elemental or nitrosamine impurities
- Overseeing the Technical Agreements between Rafarm and all collaborating analysis laboratories
- Participation in the smooth execution of strategic tasks such as the introduction of critical software, new products, etc.
- Responds to questions from regulatory authorities regarding elemental impurities and the presence of nitrosamine impurities
- Responsible for training employees on product quality risk management issues
- Contributes to the smooth integration of new legislation into the Rafarm system
- Participates in the "continued process verification" program for Rafarm products

Experience & Qualification Standards:

- BSc in chemistry, pharmaceutical science or chemical engineering, Postgraduate degree will be considered as a plus
- Minimum of 3 years of experience in the pharmaceutical sector in related positions
- Demonstrated expertise to effectively communicate within all levels of the organization
- Negotiation & conflict resolution skills
- Excellent oral communication & report, business correspondence & procedure-writing skills both in Greek and English languages
- Highly detail-oriented and organized, able to work both independently and as a team player with a positive attitude

The Company offers: Competitive remuneration package along with challenging career development opportunities within an innovation orientated organization
