products

RAFARM stands for:

Readiness to support your needs

Expertise in developing and producing sterile pharmaceutical products (ophthalmics and injectables)

Reliability of our advanced R&D, Manufacturing and Regulatory capabilities

Agility in business model partnerships worldwide

Based on more than 40 years of experience in the field, we work closely with our customers every step of the way, from the lab to commercial scale production. We make full use of the expertise of our highly skilled and specialized teams to provide you with integrated CDMO solutions.

We are ready to take on your project. [Learn more about our portfolio](#)
