

We go beyond the obvious
and make a positive impact on people's lives

Credit Controller (Ref: CC1123)

RAFARM is an innovation-driven, dynamically growing pharmaceutical company and a well-established European manufacturer with an outward-looking orientation that invests 13% of net turnover in Research and Development. We introduce high technology in our state-of-the-art sterile manufacturing plant and create new production lines with cutting-edge technology and robotic equipment. RAFARM is a place where our people evolve and are full of passion and interests. We are a dynamic team that empowers talent, embraces diversity and accelerates development.

The role main accountabilities will be the following:

- Monitoring the credit exposure of the Company, resolving problems in relation to debts, and reconciling complex month-end accounts
- Building strong relationships with customers to ensure the smooth running of accounts
- Managing the collection of all payments and debts, ownership of Accounts Receivable control
- Evaluating new credit requests and conduct client credit checks regularly and ad hoc
- Monthly AR reports and continuous risk assessment
- Design a credit policy to optimize default risk and finance charge, taking into account commercial issues

Experience & Qualification Standards:

- BSc in Accounting, Finance or relevant degree
- At least 5 years of experience in credit control or accounts receivable preferably in the pharmaceutical sector or manufacturing industry
- Knowledge of accounting principles and procedures
- Proficiency in using Microsoft Excel and ERP systems, such as SAP
- Fluency in English (spoken and written)
- Strong communication and negotiation skills
- Proactive and self-motivated with the ability to work independently and meet deadlines

The Company offers: Competitive remuneration package along with challenging career development opportunities within an innovation orientated organization
